Compared to last week, feeders sold Steady to 10.00 higher with instances of 20.00 higher mostly calves under 600 lbs. The last full business week of the year didn't disappoint as cash feeders continue to push to higher levels. Lighter weight calves are getting back very close all-time record highs once again. Although yearlings have gained back some ground from the records seen in Oct., they still have several dollars to go before getting back to record levels. Time of year likely the biggest reason as lighter weight grazing types that can head to wheat and add some quick gains are just more in demand currently. The monthly Cattle on Feed Report was released on Friday. The report should be viewed as neutral compared to pre-report expectations as all numbers were within the ranges of estimates, overall, however it continues to paint a bullish picture of light supplies. On Feed numbers were reported at 97.8 percent, Marketings at 88.1 percent and Placements at 88.8 percent of year ago levels.
