Direct Livestock

		This Week	Last Reported	Last Year (12/20/2024)
Total Direct Receipts:		118	110	1,080
Feeder Cattle	DEL	60 (50.8%)		838 (77.6%)

Total Receipts:		118	110	1,080

No comparable FOB prices from last week for a market comparison. Tick higher undertone was noted. Demand was good with several feedlots looking for cattle but having a very hard time procuring any in the country. Most feedlots are going to live auctions trying to back fill empty pens before the first of the year. Nebraska feedlots traded live sales unevenly steady on Thursday at 228.00 and dressed sales sold 1.00 to 3.00 higher than the bulk last week from 356.00 to 358.00. Supply included: 100% Feeder Cattle (49.2% Steers, 50.8% Heifers). Feeder cattle supply over 600 lbs was 100%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 3% shrink or equivalent, with a 13 cent slide > 600 lbs. Livestock reported this week originated from KS, NE.
