Direct Livestock Weighted Average Report for week ending 1/30/2026

### Direct Livestock

	This Week	Last Reported	Last Year (1/31/2025)
<b>Total Direct Receipts:</b>	160	210	340
Feeder Cattle	DEL		340 (100.0%)
	DEL	140 (66.7%)	
	FOB	160 (100.0%)	70 (33.3%)
<b>Total Receipts:</b>	160	210	340

Compared to last week: Feeder steers not established. Feeder heifers not well tested. Demand good but movement limited by the major winter storm that moved across the country this week, hampering livestock movement. Thru Thursday slaughter cattle trade was not established. Cattle futures turned back south yesterday after mostly positive moves earlier in the week. So far today, first few months of Live Cattle are trading in the green but back months and all feeders are trading in the red. Supply included: 100% Feeder Cattle (100% Heifers). Feeder cattle supply over 600 lbs was 100%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 2-3% shrink or equivalent, with a 8-18 cent slide > 600 lbs. Livestock reported this week originated from WY.

### FEEDER CATTLE

#### DIRECT TRADES

##### Heifers - Medium and Large 1-2 (Per Cwt)

<u>Delivery/Freight</u>	<u>Head</u>	<u>Wt Range</u>	<u>Avg Wt</u>	<u>Price Range</u>	<u>Avg Price</u>
Current FOB	160	750	750	338.82	338.82

#### Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.
