No comparable sales for a market trend. Demand is good with buyers looking for cattle to send to the feedlots. Most buyers are purchasing cattle at auctions in the two reporting regions. Feedlot trade in Nebraska remains at a standoff at the release of this report. Friday morning Mandatory Price reporting showed nothing has traded for the week. The feedlots are asking for a lot more money and to line up with the Southern Plains trades last week. Supply included: 100% Feeder Cattle (100% Steers). Feeder cattle supply over 600 lbs was 100%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 3% shrink or equivalent, with a 15 cent slide > 600 lbs. Livestock reported this week originated from KS.
