Direct Livestock Weighted Average Report for week ending 3/20/2026

Direct Livestock

	This Week	Last Reported	Last Year
Total Direct Receipts:	260		
Feeder Cattle FOB	260 (100.0%)		
Total Receipts:	260		

First reported cattle in a few weeks a market trend is not applicable. Demand was good with several looking to procure cattle. Very dry weather pattern prevails across both reporting regions with some grass prospect cattle getting sold this week at auction. Cattlemen are selling some of their grass cattle inventory not wanting to roll the dice on all of them if they will have available grazing this summer. The feeder market continues to sell rather well and the demand for those cattle going to the feedlot is good. Feedlot trade is very slow to kick this week with some sales Friday morning trading steady with last weeks market. Supply included: 100% Feeder Cattle (100% Steers). Feeder cattle supply over 600 lbs was 100%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 2% shrink or equivalent, with a 10 cent slide > 600 lbs. Livestock reported this week originated from NE.
